Metro IP Service Packages

Metro IP Silver Package is a single port solution riding on the Metro IP Network. This set up is simple and provides guarantee bandwidth, suitable for simple host branching network, mission critical data application.

Metro IP Gold Package is a dual port solution riding on the Metro IP Network with a cross platform backup port of at least 128Kbps. This set up supports automatic switchover, the package also comes with routers for 1Mbps to 4Mbps, making this a value for money option for enterprises to enjoy the extra benefit of high resilience IP solution.

Metro IP Diamond Package is a dual ports solution riding on the Metro IP Network. The fiber provisioned primary and secondary port both having the same bandwidth, featuring the dual ring topology, supports automatic switchover and high availability on service connectivity.

The above services are subject to applicable terms and conditions (and as amended from time to time) listed in the prevailing General Conditions of Service of Hong Kong Telecommunications (HKT) Limited, Special Conditions of Datapak and if applicable, any Service Plan, Application and Service Literature.

The offer of the services is subject to site feasibility study and availability of the Company's resources.
